

WordPress Translation Connector

About the Connector

- ✓ Acclaro service integration with WPML, the world's most downloaded and used multilingual WordPress plugin
- ✓ Enables clients to have their sites professionally translated by Acclaro
- ✓ Clients can select and submit source content for translation, receive completed target language pages back in WordPress
- ✓ In context and online review processes fully supported

Step 1

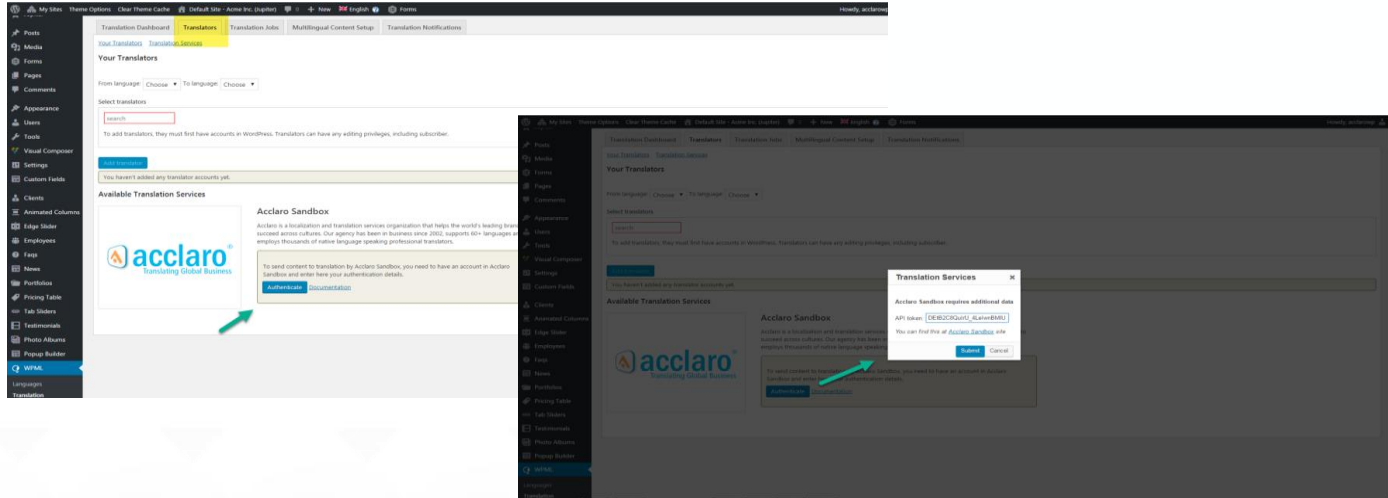

WordPress Multilingual Readiness Checklist:

- ✓ Is your WordPress site currently localized for any global markets?
- ✓ What are your target language needs?
- ✓ Are you developing your site in-house or are you using a 3rd party web development agency or consultants?
- ✓ If you've used WPML before, have you:
 - Checked WPML compliance with your WP theme and content plugins?
 - Tried manual page translation?
 - Tried exporting and importing XLIFF files through the 'translator' feature?

Request My Acclaro Portal Access for an API Token

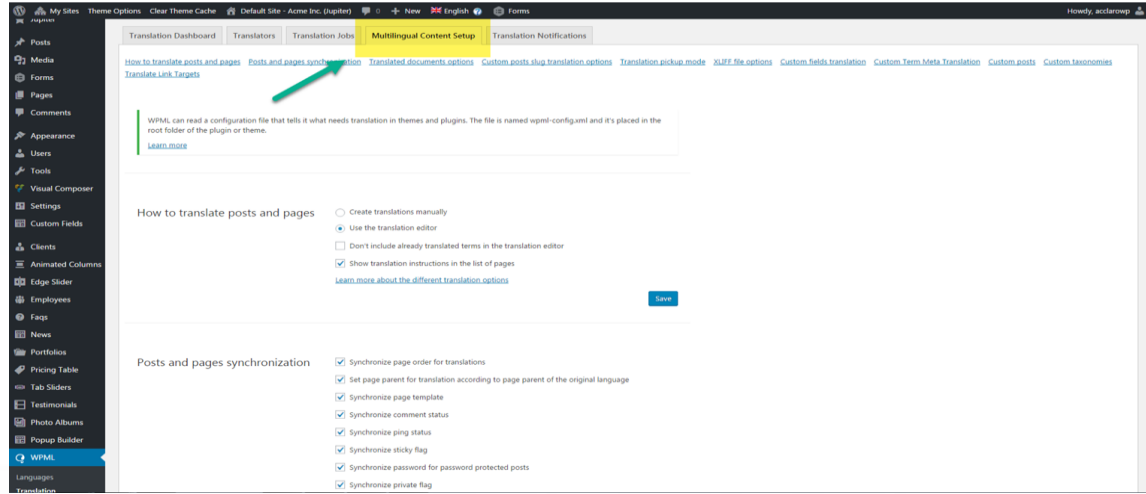

Step 3

Install or Open WPML and Paste API Token

Step 4

Configure WPML Multilingual Content Settings

Step 5

Select Files, Target Languages, and Submit to Translation Basket

The screenshot shows the WordPress i18n dashboard with the 'Translation Dashboard' tab active. The left sidebar contains various site management options, with 'WPML' highlighted under the 'Tools' section. The main content area displays a list of documents to be translated, with filters for status, type, title, and parent. A 'Translation Cost Estimate' box is also visible. At the bottom, the 'Translation options' section allows selecting target languages (French, German, Italian) and actions (Translate, Duplicate content, Do nothing). A green arrow points to the 'Add to translation basket' button.

Translation Dashboard

Select which documents to display

Show documents in: English Translated to: All languages Translation status: All documents Number of documents: 20

Filters:

- Status: Published
- Type: Page
- Title:
- Parent: Any

Translation Cost Estimate

To estimate the total cost of translating your site, use the word count tool. Get the total volume of text to translate and multiply it by the cost per word.

[Word count tool](#)

Find the service that's right for you, among WPML-friendly translation services.

Title	Date	Type	Status

Step 6

Review Order and Submit to Acclaro for Translation

The screenshot displays the WPML Translation management interface. The left sidebar contains a navigation menu with options like Dashboard, Publishing Help, Jupiter, Posts, Media, Forms, Pages, Comments, Appearance, Users, Tools, Visual Composer, Settings, Custom Fields, Clients, Animated Columns, Edge Slider, Employees, Faqs, News, Portfolios, Pricing Table, Tab Sliders, Testimonials, Photo Albums, Popup Builder, and WPML. The main content area is titled "Translation management" and includes a welcome message and a "Translation Basket" tab. Below this, there are two sections: "1. Review documents for translation" and "2. Choose translation options".

1. Review documents for translation

Title	Type	Status	Languages
About Us	Page	Published	English to German and Italian
Contact	Page	Published	English to German and Italian
Home	Page	Published	English to German and Italian

2. Choose translation options

Batch name:

Give a name to the batch. If omitted, the default name will be applied.

Language	Translator
German	Translate by: First available (Acclaro) Manage translators
Italian	Translate by: First available (Acclaro) Manage translators
Language	Translator

For retrieving debug information for communication between your site and the translation system, use the [communication log](#) page.

Step 7

Track Order Status in My Acclaro & in Translators Tab

The screenshot displays the My Acclaro dashboard interface. The top navigation bar includes 'Dashboard', 'Orders', 'API', and 'Connectors'. Below this, a sub-navigation bar shows 'View All', 'Details', and 'Create'. The main content area is divided into two panels. The left panel, titled 'Order Summary', provides details for an order named 'Going Global' by 'Acclaro Employees'. It lists source and target languages, word counts, and delivery dates. The right panel, titled 'Translation management', shows a table of translation jobs. The table has columns for Job ID, Title, Language, Status, and Translator. The jobs listed are for 'Team' and 'Blog' posts, all in progress, translated from English to German and French. A sidebar on the left contains various menu items like 'My Sites', 'Theme Options', 'Clear Theme Cache', 'Default Site', 'Acme Inc. (Upiter)', 'New', 'English', 'Forms', 'Dashboard', 'Publishing Help', 'Jupiter', 'Posts', 'Media', 'Forms', 'Pages', 'Comments', 'Appearance', 'Users', 'Tools', 'Visual Composer', 'Settings', 'Custom Fields', 'Clients', 'Animated Columns', 'Edge Slider', 'Employees', and 'Flags'.

Order Summary

Order Name: Going Global
Customer: Acclaro Employees
User: Tony Stark
Source Files: 1
Words: 3,000
Source Language: English (US)
Target Language(s): German, German (Germany), Portuguese
Order Creation Date: 15-May-2017
Order Due Date: 7-Jun-2017
Delivery Notification: Deliver through service Dropbox, Email

Order Costs

Item Overview	Units	\$/Unit
