

“My Acclaro” Box.com Translation Connector

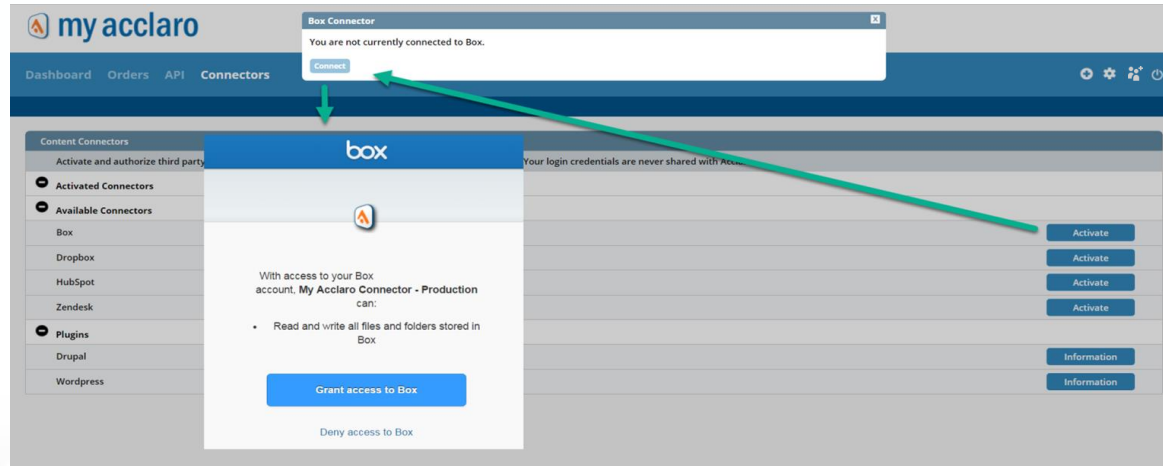

About the Connector

- ✓ Authenticates with Box.com user accounts
- ✓ File picker access to Folders & Files
- ✓ No limits on uploaded content
- ✓ Automatically receive high quality translated content back into Box

Step 1

In My Acclaro, Activate the Box Connector & Grant Access

Step 2

Create a New Order and Select Box Files for Translation

The screenshot displays the 'my acclaro' web application interface. The top navigation bar includes 'Dashboard', 'Orders', 'API', and 'Connectors'. Below this, a secondary bar shows 'View All', 'Details', and 'Create'. The main content area is titled 'Upload Files' and contains a progress bar with five steps: 1. Upload Files (active), 2. Select Languages, 3. Add Details, 4. Delivery Options, and 5. Confirm Order. The 'Upload Files' section includes a note: 'All files and information shared with Acclaro will be kept confidential.' It features three tabs: 'Source Files', 'Reference Files', and 'Estimated Word Count'. A large box with a cloud icon and the text 'Drag and Drop File(s)' is present, along with an 'Upload File(s)' button and a 'box' logo. Below this, a list of 'Uploaded Files' is shown, including 'SampleIDML2.idml', 'SampleIDML3.idml', and 'SampleIDML1.idml', each with a 'remove' link. A 'Next >' button is at the bottom right. A 'Box File Picker' dialog is open on the right, showing a list of files to share with 'My Acclaro Connector - Production'. The files are 'SampleIDML2.idml', 'SampleIDML3.idml', and 'SampleIDML1.idml', all 88.9 KB. A green arrow points from the 'box' logo in the main interface to the 'box' logo in the dialog. The dialog has 'Choose - 3' and 'Cancel' buttons.
